

Your wool hand-knit and crocheted blankets and garments will bring comfort and warmth to Afghan families who continue to suffer from oppression, war, hunger, poverty, and sickness.

Americans are making ... afghans for Afghans

afghans for Afghans

is a humanitarian and educational people-to-people project that sends wool handknit and crocheted blankets, hats, mittens, socks, sweaters, and vests to the beleaguered people of Afghanistan.

Your participation is needed now

Repatriation and rebuilding continue. Yet, conditions in Afghanistan remain harsh and compel us to respond.

Other ways to help

We welcome your financial support. Checks made payable to "Peace Development Fund" are tax-deductible.

Short on time?

Whip up a quick hat or mittens in a chunky yarn. Gather friends for a stitching bee. Good project for youth, community groups, and elders.

Helpful hints

- * Wool and animal fibers offer the most warmth and perform better in rugged conditions. Please avoid synthetic yarns.
- * Knit or crochet your favorite patterns or try something new.
- * Please do not use representational images or religious and national symbols.
- * Avoid white or very light colors as they are difficult to keep clean.
- * No used items, please.

Mailing your gifts

- * When mailing your gifts, please notify us by email. You will be acknowledged by email.
- * For delivery confirmation, use the signature request services of USPS or other delivery agents or provide a stamped, self-addressed postcard.
- * Visit our Website for the U.S. mailing address.
